

Membership

Get the new Clarius Membership advantage to fast track your journey to mastering ultrasound.

Advanced App Features

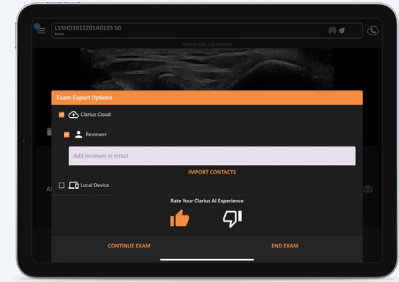

Pulsed Wave Doppler

Assess blood flow to improve diagnostic accuracy.

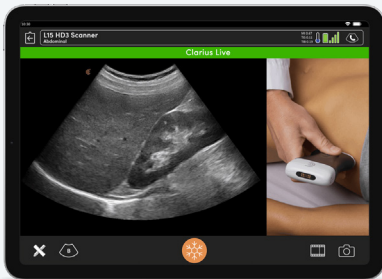

Voice Controls

Freeze, adjust gain/depth, capture images and videos, and more.

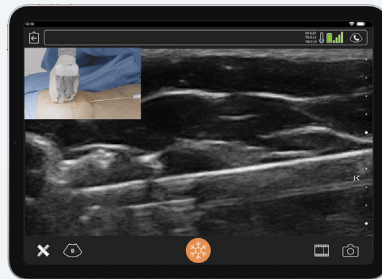

Exam Sharing

Share exams seamlessly for collaboration and analysis.

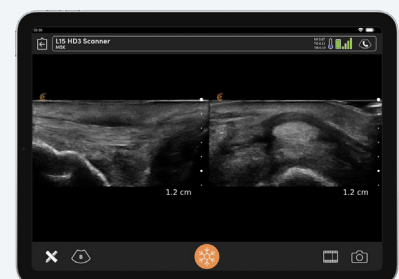

Clarius Live Telemedicine

Share real-time imaging with colleagues with just one-click.

Procedure Recording

Record full-length procedures for documentation purposes.

Split Screen

Compare both long and short axis, or left and right anatomy.

Image Storage

Clarius Cloud

Organize unlimited exams, make annotations, generate PDF reports, share exams, and securely access them anywhere.

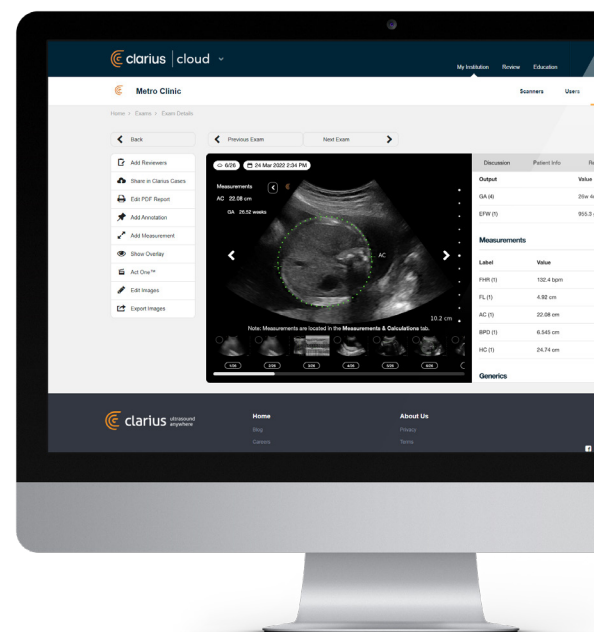

Local Storage

Local Storage empowers you to effortlessly save de-identified images from the App to your mobile device photo library.

DICOM Intergration

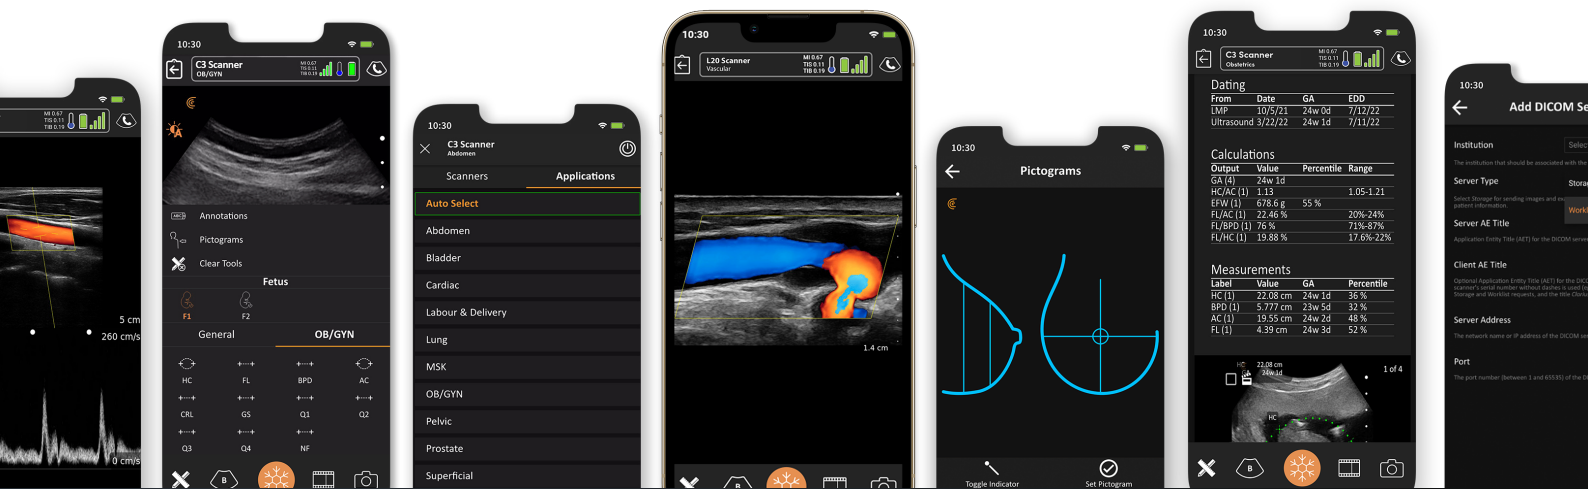

Send exams seamlessly to PACS and query Modality Worklist for accurate, efficient healthcare delivery.

Advanced Software Packages

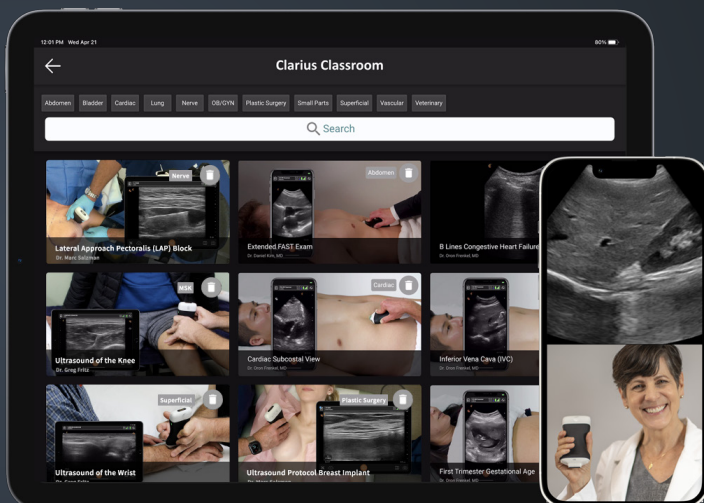

Refine and personalize your experience with Advanced Software Packages powered by artificial intelligence and purpose-designed for your specialty. From dedicated presets to comprehensive measurements, these packages fine tune imaging and streamline workflows.

-  **Aesthetics Package**

FAQ

Is the Clarius Membership required to use the scanner?

Clarius scanners are sold with one year of Membership. It unlocks access to all advanced innovation and services for the ultimate scanning experience, with AI-powered image optimization and automated workflows. Renewal is not required, and you may continue to use your scanner.

What happens if I don't renew the Clarius Membership?

If you decide not to renew your Membership, you will lose access to its four pillars – Advanced Features, Advanced Specialty Packages, Image Storage, Clarius Education, and the functionality these pillars provide. You may continue to enjoy your scanner with base functionality.

Are Multiple Memberships Required for Extra Users?

Unlimited users can use the scanner with the full benefits of Membership. Simply add users in your Clarius Cloud Institution to enable their use. The Clarius Membership is tied to the scanner, so all users can access the advanced functionality that Membership offers.
