

Individual

Making pants more acceptable and accessible for active men and women

We know that Men and Women who are still active

- Want to continue enjoying hobbies, travelling and socialising
- Would like to feel attractive and confident
- Want products, tailored for their active lifestyles

The TENA new coloured pants offers more discretion, comfort and a new level of protection

TENA Pants Women Discreet Crème offers a higher level of protection than the current TENA Pants Women Discreet for those experiencing moderate loss.

TENA Men Pants Active Fit offers a level of protection lighter than the current TENA Men Level 4 for those who want the protection of pants in a lighter absorbency
