

PRESENTER

Arran Hunt, Turner Hopkins, Auckland

Arran completed a degree in science, before starting work as a technical business analyst. After several years in London, he returned to Auckland to work for several city councils, and has now moved to practising law.

The statements and conclusions contained in this paper are those of the author(s) only and not those of the New Zealand Law Society. This booklet has been prepared for the purpose of a Continuing Legal Education course. It is not intended to be a comprehensive statement of the law or practice, and should not be relied upon as such. If advice on the law is required, it should be sought on a formal, professional basis.
