

PRESENTERS

Sean Gollin, Partner, Minter Ellison Rudd Watts, Auckland

Sean has over 20 years experience specialising in corporate and business insolvency law and the enforcement of securities. He is listed as a leading individual in insolvency and restructuring in all the major Directories, including Chambers Global, International Financial Law Review, and Asia Pacific Legal 500. Sean is author of the chapters on the UNCITRAL Model Law on Cross-border Insolvency and cross-border insolvency legislation in Heath & Whale on Insolvency, and was a member of the Joint Committee on Insolvency convened by NZLS and the Society of Chartered Accountants at the time of the 2006 insolvency law reforms. Examples of significant insolvencies Sean has been involved in include the Central North Island Forests Partnership and the Crafar Farms receiverships.

Richard Gordon, Partner, Minter Ellison Rudd Watts, Wellington

Richard is a highly experienced civil and commercial litigator, with particular expertise in banking and securities law, and insolvency. He has acted as counsel on some of the most significant corporate insolvency cases in recent years, including for the receivers appointed to Capital + Merchant Finance, and for the Crown (Secretary to the Treasury) in relation to various significant disputes arising out of the collapse and then receivership of South Canterbury Finance. Richard is the author of the LexisNexis Practical Guidance modules on “Corporate Insolvency” and “Personal Insolvency”, and he also authors the “Voidable Transactions” chapter in Morison’s Company Law.

The statements and conclusions contained in this booklet are those of the author(s) only and not those of the New Zealand Law Society. This booklet has been prepared for the purpose of a Continuing Legal Education course. It is not intended to be a comprehensive statement of the law or practice, and should not be relied upon as such. If advice on the law is required, it should be sought on a formal, professional basis.

Cover and text stocks used in this publication are from Forestry Stewardship Council certified mills, manufactured under the environmentally responsible paper manufactured environmental management system ISO 14001, using pulp from well managed forests and other controlled sources.
