

PRESENTERS

Keiran Kennedy, Senior Technical Advisor (Policy), Inland Revenue, Wellington

Keiran is a tax lawyer who has been involved with the development of the RLWT legislation along with other property-related tax policy matters while she is on secondment to the Policy and Strategy group. Previously, Keiran worked as a manager in the Public Rulings Unit in the Office of the Chief Tax Counsel, Inland Revenue where she managed a number of projects dealing with aspects of the tax property rules.

Duncan Terris, Terris Legal, Tauranga

Duncan is the principal of the law firm he founded in 1997 specialising in property law. He has been in practice for more than 25 years, with three of those being in Sydney. Duncan has filled the role of NZLS e-dealing consultant since 2004 and is on the Property Law Section's Land Titles Committee and the Chair of the NZLS Property Law Section.

Stephen Tomlinson, Tomlinson Law, Christchurch

Stephen is a partner of Tomlinson Law. He has lectured in taxation, finance and business law at the University of Canterbury and is a well-known presenter of taxation and trust seminars. Stephen advises property developers, property investors, accounting firms and law firms on a wide range of tax issues. He is a member of the NZLS taxation committee and prepared the Law Society's submissions on the new bright-line test.

The statements and conclusions contained in this booklet are those of the author(s) only and not those of the New Zealand Law Society. This booklet has been prepared for the purpose of a Continuing Legal Education course. It is not intended to be a comprehensive statement of the law or practice, and should not be relied upon as such. If advice on the law is required, it should be sought on a formal, professional basis.

Cover and text stocks used in this publication are from Forestry Stewardship Council certified mills, manufactured under the environmentally responsible paper manufactured environmental management system ISO 14001, using pulp from well managed forests and other controlled sources.
