KOKAKOTAEA FORESTRY CORPORATION LTD— AN EMERGING FORCE

“P F Olsen have played an important role in Kokakotaea Forestry Corporation Ltd's (KFCL) development, mentoring KFCL during the setting up of its harvesting and marketing operations. They're our forest consultants. They actually provided a package for us where we could utilise their wood-tracking systems and a lot of their Health and Safety. They've mentored us through the process and they continue to do so.” – General Manager, Graeme Kilgour
