

NEW ZEALAND **CARBON FARMING**

21 May 2012

Peter Clark
Managing Director
PF Olsen
P O Box 1127
Rotorua

Dear Peter

Recently New Zealand Carbon Farming formally opened our Kiernan Creek Forest. This opening was attended by Two Ministers of the Crown, local Iwi and invited guests. Due to the location and weather on the day, this was a logistically difficult exercise.

I am writing to you to acknowledge the considerable contribution made by your staff member, Rob Lawrence. Rob is the Forest Manager at Kiernan Creek. From the outset Rob was an integral part of the preparation and planning of the event. Throughout Rob showed exemplary proactivity and we are very aware that the success of this event is in a large part due to Rob's efforts.

On behalf of the Directors of New Zealand Carbon Farming, I would like to formally acknowledge Rob's efforts and ensure you are aware that we are delighted with the contribution he made to ensuring that this event was a success.

Yours faithfully,

Matt Walsh
Managing Director
New Zealand Carbon Farming Group
