P.O. Box 516,
Gisborne 4040.

To Whom It may Concern,
I am writing to thank Olsens for their involvement in harvesting and the sale of pine belonging to the R.S. Thomas children's Trust. The whole operation went extremely well with no pressure on my son James or myself.

I would like to thank Rob Davitor for his initial planning before his resignation. Also, Tom Ottarson for his attention during the harvest, and post harvest operation and his extremely unformative harvest report. The harvesting contractor - Dewes Contractors Ltd - Log 2 and the crew must be congratulated for

their highly efficient extraction of the timber.

I have two remaining plantations left for harvest and will certainly use Olsens again.

Kind Regards,
Rachie Thomas.
