

EMBASSY OF SWEDEN

Canberra, 11 March 2012

Mr Peter Clark  
CEO, PF Olsen Ltd,  
Te Papa Tipu Innovation Park,  
99 Sala St., Rotorua

Dear Mr Clark,

I wish to thank you for your participation in the visit by the Swedish Parliamentary Committee on the Environment and Agriculture from 5-12 February 2012.

The presentation by you and your colleagues on Friday 10 February 2012 was incredibly informative and beneficial to our participants. Please thank Kit Richards, Sally Haddon and your other staff members involved in the presentation and tour. The feedback from all the participants was extremely positive and they left with valuable information to apply in their areas of responsibility. The Committee appreciated the opportunity to tour one of your plantations and visit the Redwood forest.

Many have responded that it will be necessary for them to return to New Zealand, hopefully as tourists, where they can again enjoy the beauty and richness of your country.

I look forward to continued collaborations between you and the Embassy of Sweden and hope our paths will cross again. Please let me know if you are ever in Canberra as my wife Anita and I would welcome the chance to return your hospitality.

With Best Wishes,

Sven-Olof Petersson  
Ambassador to Australia and New Zealand
