

## TESTIMONIAL

Testimonial on behalf of Messers M Shepherd and C Treloar of PF Olsen: relating to forestry harvest for the Wise Family at Hillend 2011

We found the negotiating and communication with both ourselves and the logging contractors, and the product output excellent. Frequent oversight of log grades meant good volumes of high quality logs with much less downgrade that we have previously experienced from similar blocks.

This, combined with some very reasonable cartage rates gave a very good financial result to both PF Olsen's and ourselves.

We will be very pleased to make PF Olsen's our on-going first point of contact in future.
