

The page is decorated with numerous yellow softball icons with red stitching, arranged in a border around the central text.

# Interview Practice

Listen to, or watch, an example of an interview.

Discuss what makes a good interview. e.g. good questions, body language, and different ways of responding to answers.

Go and play a game of SOFTBALL.

When you have finished, break up into pairs and interview each other about the game. These interviews can be videoed.

View the video and share what you have learned from the interview and what you would still like to find out.
